Re: Request to Inspect and Close File, Dove Creek Mill, S/003/047, Box Elder County, Utah

Dear Mr. Bown:

Thank you for submitting the annual permit fees for your mining operations. Your check was received on December 8, 1999. Along with the payment of the permit fees you requested that the Division inspect the Dove Creek Mill site and close the file; therefore, you did not pay this fee.

This letter is to inform you that during our June 16, 1999 inspection of the area there was equipment, palletted stone and waste rock, as well as the site being heavily compacted. It is the Division's opinion that due to the heavy compaction of the soils, this area needs to be ripped and reseeded to allow for vegetation growth. We are, therefore, unable to release the Dove Creek Mill and the permit fee is still due and payable.

Another billing is enclosed for your use. Please submit the \$100.00 annual fee for 1999 within the next 30 days. All unpaid fees will be sent to the Utah State Collections. The last Friday of July the 2000-2001 fiscal year payment will again be due for all your sites.

If you have any questions regarding this letter, please contact me at (801) 538-5310 or my supervisor, D. Wayne Hedberg at 538-5286.

Sincerely,

Lynn Kunzler

Senior Reclamation Specialist
